Item	Change	B/I/X	Description					
247-1	<b>m</b>	1	Fuel Receipts uploads.					
			Implement a mobile app module that allows drivers to take a picture of a fuel receipt and share it with admin personnel. Information to be captured includes fuel type, reference no., gallons, total cost, vehicle name (from vehicle profile), odometer value (from ECM), date, time, address, and notes. This information can be seen on the portal on a new Fuel Receipts menu option. For more information, read the document attached to this email.
